Meet the alien family who wanted to start World War Three!

THE SLITHEEN

THE FAMILY

The Slitheen were a large family from an alien world called Raxacoricofallapatorius – not the easiest of planet names! The Slitheen family were all really bad criminals.

ALIENS OF LONDON

When we first met the Slitheen they'd been on the Earth for some time. The family had taken over some of the most important people in the country so they could start a war. Their aim was to sell the remains of the Earth as fuel...

Slime time!

Throw vinegar on this big body and it will explode into loads of gunky slime! Eeuw!

DISGUISED

Using clever technology, the Slitheen were able to squeeze their large alien bodies inside a human body skin. A side effect is a farting sound, though – caused by the neck device that shrinks their body. And look out for the hidden zip on their head!

NO RETURN

The Slitheen couldn't return home because their people had sentenced them to death for their crimes. Most of them, however, were destroyed by a missile in London. Only Margaret survived...

NOSE

Amazing sense of smell – perfect for hunting.

NECK

The compression field control around their neck shrinks them in size.

BODY

Massive, slimy and completely gross!

EYES

Large and black

BREATH

Don't get too close – their breath can kill you too!

FINGER

Watch out for the poison dart that can be fired from female fingers.

EGGS

The race is hatched from strange eggs.

NEIGHBOURS

The twin planet of Raxacoricofallapatorius, Clom, is where the Abzorbaloff came from. He didn't think much of their planet... or the people!

THEY'RE SWINE!

MARGARET'S MONSTROUS MOMENTS!

She's a horrible alien, but you can't help loving Margaret Slitheen!

Blon Fel Fotch Passameer-Day Slitheen, also known as Margaret!

OOH!

Landing a job as Mayor of Cardiff

Teleporting her way out of trouble

LITTLE HUMAN CHILDREN! WHERE ARE YOUUUUU?

G IS FOR GRASKE OF GRIFFOTH

FIRST APPEARED IN:
Attack of the Graske (2005)

PLAYED BY: Jimmy Vee

LOOK LIKE: Evil jesters with squid-like heads who seem to have visited the dentist a lot – the gross Graske have razor-sharp gold teeth.

Graske fact!

The Graske appeared in a special mini *Doctor Who* episode on BBC digital television. Viewers could control the episode with their TV remote control!

SECRETS!

Actor Jimmy Vee likes his monsters! He also played the Moxx of Balhoon and the Space Pig.

CAN YOU FIX IT?

WELL A GOOD **SMACK** TO SIDE OF THE **TARDIS** MIGHT **REALIGN** THE **CRYSTALS**.

BUT, SINCE NEITHER OF US ARE IN POSSESSION OF A **GIANT HAND**, WE'RE GOING TO HAVE TO **SET HER DOWN** AND TRY SOME OTHER WAY.

AND IF I OPEN THE DOOR...?

I HAVE **NO IDEA WHATSOEVER** WHERE YOU WILL FIND YOURSELF.

What if people got trapped in drawings?
Or if drawings came to life? We find out in...

FEAR HER

WHAT'S IT ALL ABOUT?

Chloe Webber's friends are disappearing – and turning up in her drawings. She's drawn something really nasty too, and it looks like that might be about to come to life. It's up to the Doctor and Rose to sort it all out before the whole world ends up in one of the pictures!

1 VANISHING PEOPLE

There's something very weird happening in Dame Kelly Holmes Close. Three children have vanished into thin air. Not only that, but people's cars don't work either. They just cut out. And when the Doctor and Rose arrive they sense something dangerous...

KOOKABURRA
SITS IN THE OLD
GUM TREE...

People vanish
into thin air.
Or thin paper...

2 SCRIBBLE ATTACK!

Rose thinks she's found a cat, but what comes at her looks more like a fuzzy grey ball. It sounds completely mad, but the Doctor discovers it's made from graphite – like a pencil. It's a ball of scribble.

Under attack

4 SOMETHING NASTY IN THE WARDROBE

Chloe has drawn something scary inside her wardrobe. It's her dad! He wasn't a very nice person when he was alive – Chloe still has nightmares about him. This nightmare seems very real, though – and violent.

CHLOEEE -
I'M COMING!

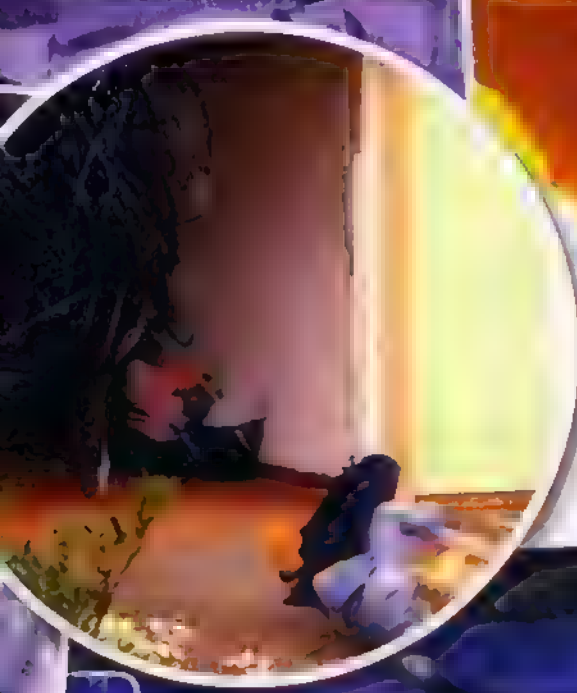

5 LOST ALIEN

An alien called Isolus is inside Chloe. It's a child, lost and alone. It used to play with the other children deep in space – creating pretend worlds. Now it's doing the same through Chloe's pictures. Isolus just wants to be loved.

3 CHLOE

Sitting alone in her room, it's Chloe who's to blame. She can draw her friends – and they end up in her pictures. But it's worse than that – stuff she draws, like the ball of scribble, can come to life in the real world! Fear her!

6 OLYMPIC SPIRIT

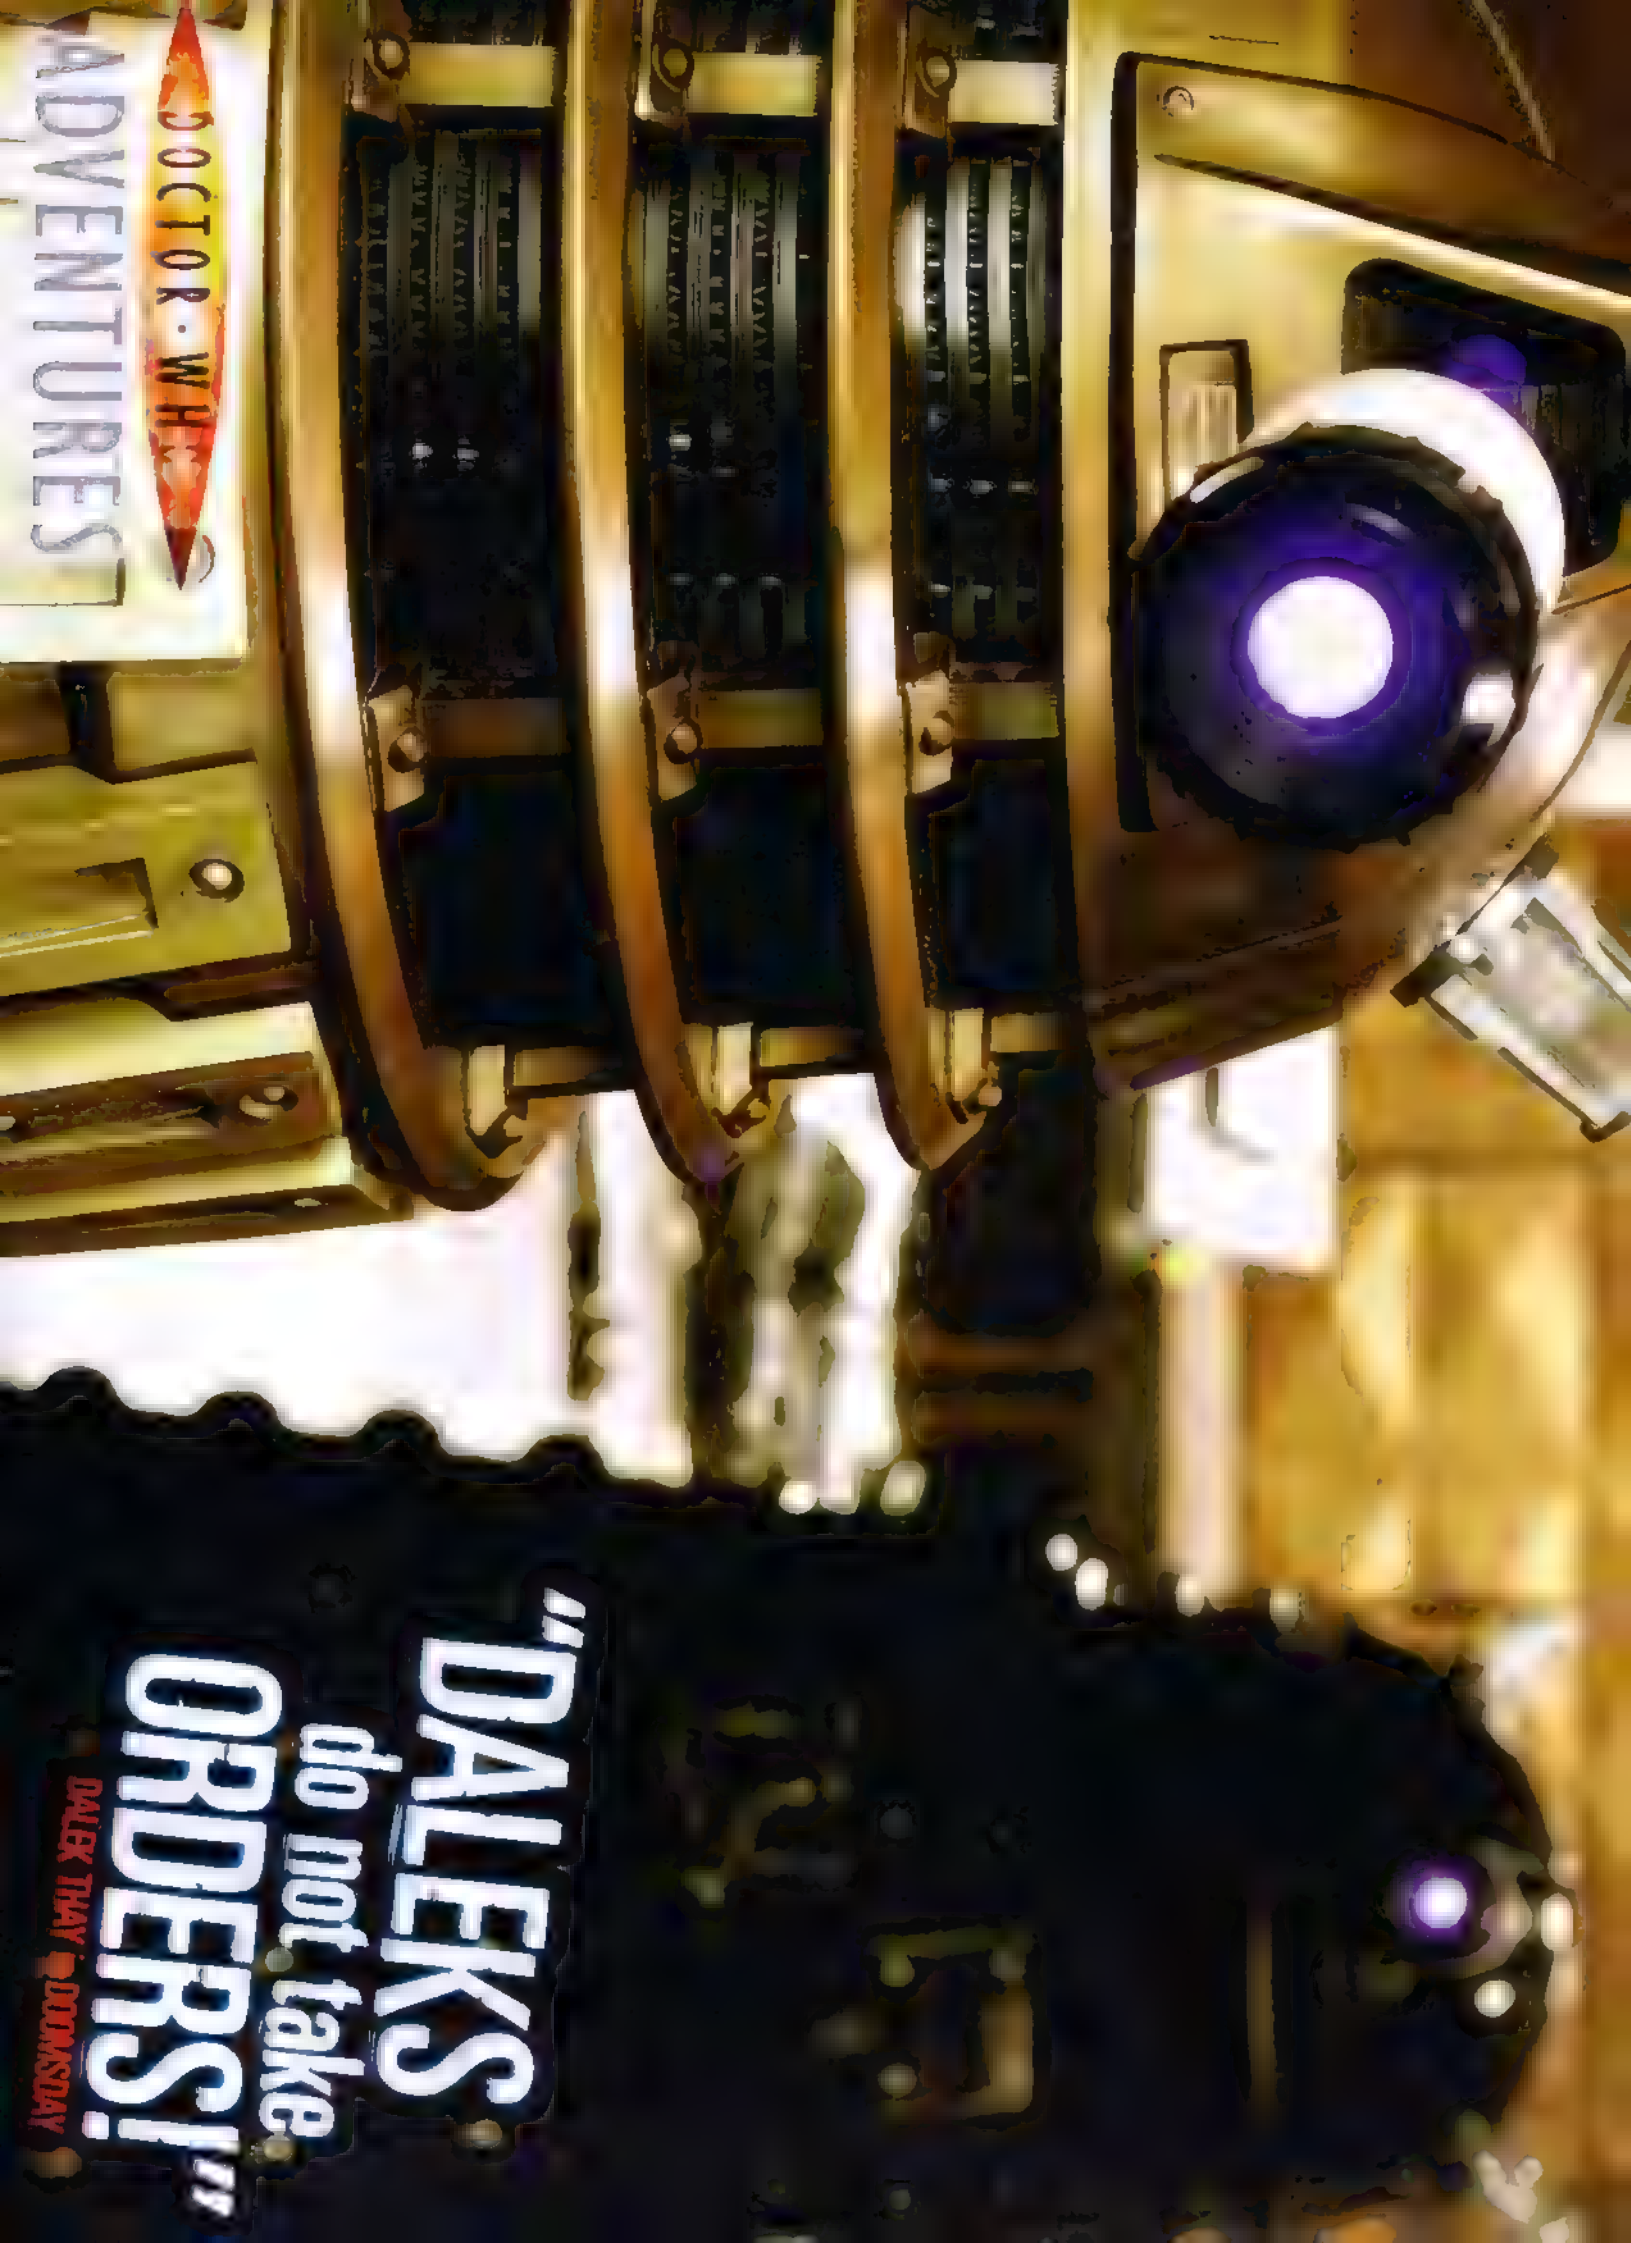

Isolus is drawn to warmth, and that keeps its pod spaceship working. But it needs more than heat to get the ship going so it can return to the stars and its family. It needs hope and courage and love – which the Doctor gives it from the Olympic Flame.

File: 14 THE MOXX OF BALHOON

WHAT IS HE?

A short, **blue alien** with a huge head, very short legs and **razor-sharp** teeth. He looks kind of fierce but the Moxx is no evil monster. The blue alien is just a lawyer.

WHAT DOES HE WANT?

Not much, really! It looks like he's just after a good time, eating vol-au-vents, watching the **sun explode** and the **destruction of Earth** from the safety of Platform One.

WHAT WEAPONS DOES HE HAVE?

Never mind guns, the Moxx has **no defensive capabilities** whatsoever. Which is a bit of a problem when Platform One's shields are sabotaged.

WHAT HAPPENS TO THE LITTLE FELLA?

It gets a **bit toasty** in the observation room and the poor Moxx is killed when the **sun's rays** break through. Poor Moxx.

WILL HE BE BACK?

As the Moxx of Balhoon died on **Platform One** he's not likely to return. But there are others of his **goblin-like** species out there – so we might meet one of them one day.
